GHP
GUM HEALTH PHYSICAL

*To help patients remember
all of your gum health in-office
recommendations at home*

INTRODUCING

THE GUM HEALTH PHYSICAL

With this new interactive digital tool, you can give patients a gum health evaluation and provide a report they can use at home, to help them focus on putting your recommendations into daily practice.

The Gum Health Physical tool was designed to help you improve patient

- Understanding
- Compliance
- Overall gum health

See how it works!

Using the GUM HEALTH PHYSICAL is as quick and easy as 1, 2, 3

1

PATIENT CHART

Activate areas of the patient chart you want the patient to focus on at home.

2

PATIENT REPORT

Create a custom report for your patients to use at home (print or email).

3

PATIENT EDUCATION

Click the “Patient Education” tab for shareable oral-hygiene videos.
